

# 2009-2010 Local School Plan For Improvement

## LSPI Objectives

February 2010

## GRAYSON ELEMENTARY

Christopher M Ray, *Principal*

Calvin Watts, *Area Superintendent*

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Key to that success is ensuring that each school community understands the progress being made by its schools, as well as what plans will drive improvement. Each school creates a collaborative Local School Plan for Improvement (LSPI), with targeted goals based on student achievement results. These goals are dynamic, like our schools, and are updated to reflect changes that occur in schools. Data is used to determine areas needing improvement and to identify specific, measurable, annual objectives. Schools then determine how to use research-based strategies to achieve these goals, using flexibility as needed. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. Please contact the principal to see the detailed implementation plan designed to achieve the following objectives.

### Key Objectives 2009-2010 Local School Plans for Improvement

**Objective:** Grayson Elementary School will increase academic performance in Science for all students and sub groups to meet or exceed annual target by implementing the following: grade level instructional planning meetings, small class sizes, 1/2 day instructional planning meetings and a Science Instructional Team at the local school to review data, curriculum maps and provide science staff development.

**Objective:** Grayson Elementary School will increase academic performance in mathematics for all students and sub groups to meet or exceed annual target through AKS-CQI in mathematics, all staff book study Now I Get It by Susan O'Connell, grade level instructional planning meetings, small class sizes, 1/2 day instructional planning meetings and a Mathematics Instructional Team at the local school to review data, curriculum maps and provide mathematics staff development.

**Objective:** Grayson Elementary School will increase academic performance in reading/language arts for all students and sub groups to meet or exceed annual target through our balanced literacy instruction.

**Objective:** Grayson Elementary School will increase in attendance for all students and subgroups to meet or exceed annual targets through the attendance protocol.
